CTF Life – New Brand, Diverse Experience & Value Beyond Insurance

Rebranded as "CTF Life" in July 2024 with the prestigious "CTF" brand, which boosts confidence of customers, Life Planners, business partners and all other stakeholders

Launched "CTF Life CIRCLE": an integrated loyalty platform to meet the evolving needs of customers from wellbeing, growth, healthcare to legacy

Provide a unique competitive edge through synergy: leveraging the diverse conglomerate collaboration of the CTF Group to support our customers and their loved ones to navigate life's journey with personalised planning solutions, lifelong protection and diverse lifestyle experiences

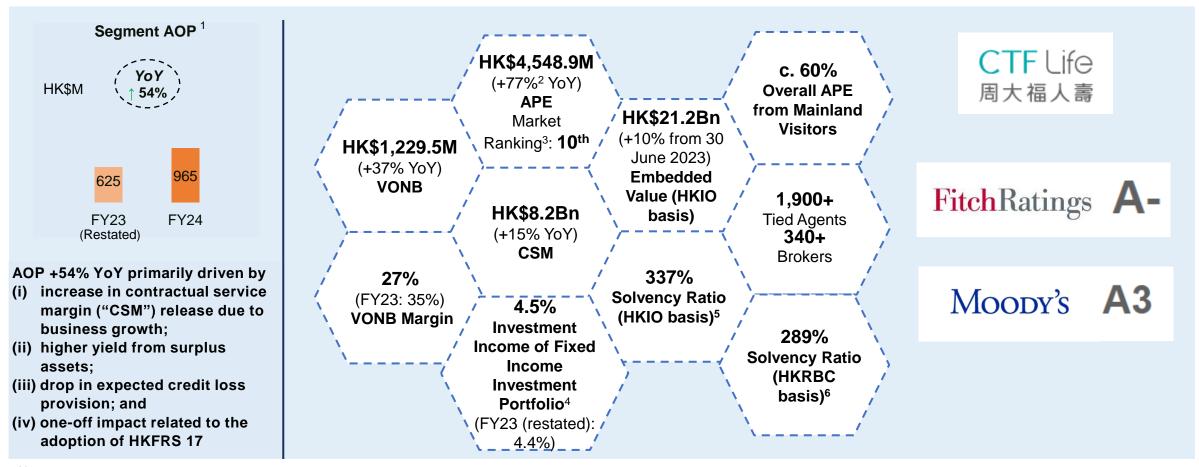

Attract more talents with professional backgrounds and well-connected interpersonal networks from the Mainland to join as Life Planners, making further contributions to a sustainable business growth

Leverage the CTF Group's diversified conglomerate to provide a wide range of services and experiences allows CTF Life to create value beyond insurance

CTF Life - delivered solid operating metrics in FY24

- 1. Excl. one-off impact related to to the adoption of HKFRS 17, Insurance AOP for FY23 and FY24 would be HK\$710M and HK\$949M, respectively, +34% YoY
- 2. It is higher than +58% YoY for APE of the HK market in FY24. In the first six months of 2024, the agency channel's APE performance of CTF Life +44% YoY, which is higher than +5% YoY of the HK market for the same period
- 3. In the first six months of 2024 (among Hong Kong life insurance companies)
- 4. This includes interest income of the fixed income investments in CTF Life's participating, non-participating and surplus portfolios, excluding the unit-linked assets. This excludes the total return assets, for example, listed equities and alternative funds which goal is to deliver long term capital gain on top of the investment income
- 5. Hong Kong Insurance Ordinance, min. regulatory requirement 150%
- 6. Hong Kong Risk Based Capital, min. regulatory requirement 100%, which came into effect on 1 July 2024

CTF Life - noticeable AOP achievement & sanguine growth outlook

- CSM +15% yoy to HK\$8.2Bn contributed by the strong new business, which will fuel the profits to be booked over the contract period in the future
- Overall APE +77% yoy to HK\$4,549M driven by attractive product offerings, the release of pent-up demand from Mainland visitors post-border reopening, and its marketing efforts
- VONB +37% yoy to HK\$1,230M due to higher APE; VONB margin decreased to 27% (FY23: 35%), due to shift of product mix
- Embedded value (HKIO basis) **+c.10**% reaching **HK\$21.2Bn**, spurred by strong VONB and expected returns, despite some adverse effects from unfavourable equity performance and interest rate hikes

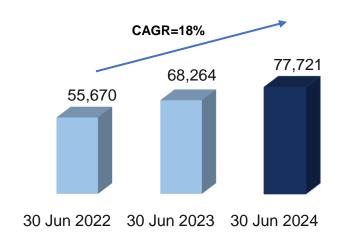

- ➤ Focus on clientele with high potential buying power and long-term financial goals by **offering comprehensive wealth management solutions** that address insurance protection, wealth preservation, succession planning, and risk diversification
- Deepen collaboration with the CTF Group and explore new distribution channels to strengthen market position and brand awareness through integrated marketing initiatives
- Expand CTF Life's business as a wealth management platform, including exploring complementary business opportunities to enhance service offerings and meet the evolving customer needs

Maintain resiliency & growth to bring long-term benefits for the Group

- > ATL will persist in surpassing the competition and **maintain its preeminent position in the market**, leveraging its superior warehouse facilities and unparalleled location
- > The Group's Mainland logistics operations maintain a sanguine mid-to-long term outlook, buoyed by the desirable locations of the properties in the strategic hubs of Chengdu, Wuhan and Suzhou
- > Robust demand on the sea-rail intermodal and international rail container freight drives CUIRC's sound operating network and logistics services.

 The doubling of the Tianjin terminal handling capacity has commenced and is targeted to complete in the first half of 2025
- > The Group believes that the sustained demand in e-commerce and import/export in the Mainland will continue to fuel the logistics industry in the mid-to-long term
- > the Group will proactively seek out high-quality, well-situated logistics warehouses in prime and strategic locations that generate strong recurring cash flow

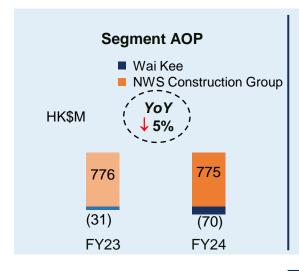

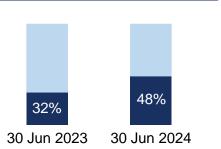

Prime construction companies with a proven record in HK

- Excl. Wai Kee, NWS Construction Group's AOP maintains flat
- The Group has reclassified its 11.5% interest in Wai Kee from an associated company to financial assets at fair value through other comprehensive income in June 2024 and it will not be included in the Construction segment going forward
- Strategically shifted its focus towards procuring **projects from institutional clients as well as the Hong Kong Gov't** to mitigate the reduction in project supply within the private sector
- Expansion into civil-related projects (eg. site formation and deep excavation works), use of digitalization and BIM to further improve efficiency and productivity which facilitate the mitigation of cost pressures

Type of Projects

NWS Construction Group includes:

✓ Founded in 1961, Hip Hing Group provides comprehensive project management services to clients in design, procurement, engineering and construction

✓ Founded in 1929, Vibro Group engaged in the design and construction of civil engineering works, with expertise in foundations and site investigation works

✓ Founded in 1985, Quon Hing Group has been providing ready-mixed concrete to various landmarks in HK

- 1. Incl. Kai Tak Sports Park
- 2. All are external/third parties' projects

HK Govt's determination to increase land & housing supply strengthens segment development

- Pending the successful completion of the acquisition of Hsin Chong Aster Building Services Ltd, an electrical and mechanical engineering specialist, will further complement the technical strengths of the NWS Construction Group and increase its overall competitiveness in the delivery of "design and build" projects
- Further elevate site safety standards by leveraging advanced A.I. and robotics technologies. This strategic initiative aims to effectively raise safety awareness and implementation from management down to on-site personnel
- > NWS Construction Group is **expanding its recruitment channels to include the Mainland and overseas markets**, while also **providing enhanced professional training** to young engineers, thereby strengthening its talent pipeline

Notes:

1.
